“WHEN I WAS THIRSTY YOU GAVE ME TO DRINK” Matt. 35v25

In the last book of the Bible Jesus says, “I am the Alpha and the Omega, the Beginning and the End. I will give freely to those who are thirsty from the spring of the water of life” (Revelation 21:6). And this gift of living water is given to those motivated by the gift of a living faith. Central to this faith is the conviction that whatever good is done to the least of the brethren, is done to Jesus. After the creation of the world we read in the Bible, God looked at all he had made, and he found it very good. Our duty is to preserve this wonderful gift. Pope Benedict XIV wrote, “The Church has a responsibility towards creation, and she considers it her duty to exercise that responsibility in public life, in order to protect earth, water and air as gifts of God the Creator, meant for everyone, and above all to save the human race from the danger of self-destruction”.

I was taught as a child a useful verse from Sir Walter Scott, “Oh what a tangled web we weave, when first we practise to deceive!” And about the same time I learnt that “a fool and his money are easily parted.” We live in a society where so much of the advertisements we encounter, are either deceiving or mis-leading. If we are not careful we are easily hooked. And once hooked we can be driven to live a life of great unhappiness. In the Gospel of St. Luke Jesus said: “Make sure that you are not deceived.” And in the first book of the Bible, Genesis Ch.3v.4: “The serpent said, ‘If you eat of the apple, you surely will not die!’” The apple looked good, innocent enough, but Adam and Eve were deceived, and what they expected to bring delight, only brought death.

We deceive ourselves if we believe that our generation is more enlightened than previous generations. Pope Francis reminds us, “In 2015, 68% of all persons who were victims of sexual exploitation were children. At the same time, a third of all children who have to live outside their homelands, do so because they are forcibly displaced. We live in a world where almost half of the children who die under the age of five, do so because of malnutrition. It is estimated that in 2016 there were 150 million child labourers, many of whom live in conditions of slavery. According to the most recent report presented by UNICEF, unless the world situation changes, in 2030 there will be 167 million children living in extreme poverty, 69 million children under the age of five will die between 2016 and 2030, and 16 million children will not receive basic schooling.”

At present we are in the process of sending \$50,000 to provide water to people in South Sudan: “The Church is the only functioning institution in civil society of South Sudan. Of an estimated population of 4.5 million people, 42 percent of the people are facing severe food insecurity...The real heroes that I see there, are the missionaries toiling away on the front lines.” Neil Corkery, president of the Sudan Relief Fund, EWTN News

The MSC Mission office is a small organisation. We do not solicit funds from State or Federal Governments, nor do we write to wealthy organisations or people. We trust in God, His providence and care to provide through Catholic parishioners; whatever they can afford. Prayers offered with strong faith are always the best contributions. It is written: “Whatever you ask in prayer, believe that you have received it, and it will be yours.” Mark 11v24. We pray that the Lord of the harvest will open the ears of our hearts to hear the cry of the poor. Perhaps before the end of the financial year is a good time for you to contribute, especially if you desire a tax deduction receipt. Fr. Adrian F. Meaney MSC

The main purpose of Mission Outreach, a newsletter of the Australian Missionaries of the Sacred Heart, is to inform the people of Australia about our Missionary work in the world today. We will suggest areas where you can assist by your prayers, by your financial support and by becoming lay, religious or priestly missionaries.

INDIA: Recently Fr. Irudayaraj Savarimuthu MSC wrote: "Dear Fr. Adrian, greetings from the Indian Union. Can you please consider the following at your next Board Meeting.:

Women of Christ the King Parish

1. Christ the King Church, Janakipuram Village: the existing water supply is contaminated, affecting 70 families in this village. Women are forced to walk long distances to secure water. A bore well, piping and purifying system will provide clean drinking water for them as well as another 200 families in the surrounding villages. 2. Formation House, Mysore: the existing wells have dried up, impacting on the water supply. This requires us to drill for a deeper supply. This project is from Fr. Prasad Rao MSC, who spent time in OLSH Parish, Randwick. 3. St. Aloysius Church, Kosavapatty: this rural parish of 10,000 people seeks assistance for a bore well to provide clean water to the drought affected communities of the area. 4. St. Edward Girls School and

R.C. Middle School, Kottapalayam: these schools are in a very poor region, and require wells to sustain their water needs for 600 students and 15 teachers, and 800 students and 16 teachers, respectively. 5. St. Alphonse's Church, Alphonse's Nagara: the parish priest has requested assistance with a bore well to help the 450 drought-affected villagers. These requests are due to the failure of the monsoons to deliver adequate rainfall over the past few years. Blessings in abundance".

Fr. Irudayaraj Savarimuthu MSC, Director, MSC Mission Office India

Fr. Prasad's students, Mysore Seminary

DISADVANTAGED YOUTH, TIMOR LESTE: Sr. Aurora Pires FdCC , working in Timor Leste writes :," I am happy to report the following success stories:

Joanica at work in a hotel

1. University: two students graduated with health education degrees, **2. Formation and training:** five secured employment, two are furthering their studies and three have become youth leaders in their respective villages, **3. English courses:** two have found work in hospitality, and one has secured a university scholarship overseas, **4. three troubled youth** have successfully completed high school with two attaining entry into the Agricultural Technical College in Lospalos. Two from our "Peace Education Group" have been employed by the government as youth leaders in their respective villages, whilst a further five have secured employment elsewhere. We are extremely grateful as we could not have achieved any of this without your support. But with success comes demand; we have

Sr. Aurora with two hospitality trainees: Alianca and Alice

currently a waiting list of 54 disadvantaged youths who are seeking assistance. God bless your office and your wonderful benefactors. – **Sr. Aurora Pires FdCC**

AUSTRALIAN DOMESTIC PROJECTS, BOURKE: Vicki Bourne-Fallon writes to us from Bourke: "In the Year of Mercy many of the St Ignatius students had the opportunity to be pilgrims, as encouraged by

Fr. Adrian with the students of St. Ignatius School, Bourke

Pope Francis. The Stage One students visited the church in Dubbo, in the neighbouring Diocese of Bathurst, Stage Two students went to Broken Hill, the Cathedral of our Wilcannia-Forbes Diocese and Stage Three, to Sydney- especially St. Mary's Cathedral. These experiences enabled the students to see that they belong to a bigger church, rich in history, with many traditions. We are grateful for the support from the Mission Office which enabled the students to travel to new places for the first time. With grateful thanks" - **Vicki Bourne-Fallon, Principal-St Ignatius Parish School, Bourke**

Lord Jesus, think on me
And purge away my sin;
From earthborn passions set me free
And make me pure within.

Lord Jesus, think on me
With many a care oppressed;
Let me Thy loving servant be
And taste Thy promised rest.

Lord Jesus think on me
Amid the battle's strife;
In all my pain and misery
Be Thou my health and life.

Lord Jesus think on me
Nor let me go astray;
Through darkness and perplexity
Point Thou the heavenly way.

Bishop Synesius 375-430

WEST PAPUA: The people of Pintu Air survive by working as day labourers on the ships that ply the river and coast. It is not well paid work with no job security from one day to the next. Children often have only one shirt. With limited opportunities, there is a local MSC lay youth group that visit to do activities with the children including singing, reading and writing, and maths. At the moment they put a large tarpaulin on the muddy ground for the kids to sit on as there is no other area. The houses built out over the river bank have no running water or sewers. The community has asked if we can help fund materials for the activities, but we would also like to build a small covered platform for community activities (a hut without walls), and build a water tank that could store water from the roof. **Australian Lay Missionaries** with **carpentry qualifications** could go across for 2-3 months to help build the structure and teach local youth carpentry skills working on the job. They would then be able to apply these skills in their community and also for work opportunities.

CLEAN WATER & EMERGENCY FOOD RELIEF, PNG: Bishop Donald Lippert writes from Mendi in the Southern Highlands Province of PNG: *"Dear Father Adrian, Pax et bonum! I hope that all is well with you in Sydney. Please find enclosed our report and receipts. Thank you for all your support over the past twelve months. The funds were used in a variety of ways to assist the drought stricken areas of the diocese, mainly through immediate emergency food relief and the provision of clean drinking water to those in most need... but also for longer term solutions in providing water tanks all over the diocese, especially where water is scarce or far away from the village. I am grateful to you and your benefactors for the generous expression of solidarity in helping our people in need. The people of the diocese too are profoundly grateful*

Clean water for the community

Emergency food relief

to the people of Australia and the MSCs for the helping hand extended to them, in their hour of need. Fraternally," - **+Donald Francis Lippert OFM Cap. Bishop of Mendi**

PRISON MINISTRY: Fay & Barry Dalton write to us, *"We have been involved in prison ministry with Fr. Peter Carroll MSC for well over four years. Our role entails visiting inmates, writing letters to them, taking them out on approved day-leave, and assist ex-offenders after their release to walk with them in their difficult journey back into society. We also coordinate groups of volunteers at the Downing Centre in Sydney to provide emotional support to the inmates in the holding cells. Often, they are very remorseful and the presence of a 'friend' helps them get through the difficult trial process, as well as providing them with a cuppa. I know that you have been supportive of Fr. Peter's works in the past but we would appreciate any assistance you are able to provide. God bless"* - **Barry and Fay Dalton, Prison Ministry**

Barry & Fay Dalton

CLEAN WATER PROJECT, TANZANIA: *"Fr Adrian, firstly thank you for your kindness and love for me and my fellow priests with your generosity and prayers. I am writing to update you on the water project. I thought it would be accomplished by now but it is not. We have already paid for the borehole drilling machine from nearby Zambia but because of the long list they have, our turn has still not arrived. Unfortunately we are not as advanced technologically. We have bought most of the things needed such as tanks, pipes, motor pump, tank stand and also collected sand, stones and other necessities. We continue to wait in*

Our community in waiting

Preparing the site

prayer. I'm happy to hear that a Ugandan priest came to visit you and thank you personally. I also hope to do the same one day. As you are aware my ministry is not in an easy place. There is constant tension and turmoil, be it social, political or economic. Please continue to pray for us priests in Africa – our generous benefactors are foremost in our minds and hearts. Let us continue to pray for one another. May God reward your benefactors in abundance. In Christ". – **Fr. Alkado PESAMBILI**

JIPAPAD, EASTERN SAMAR, PHILIPPINES: Jahms Morga, Director writes: "Dear Fr, after my visit to Tacloban I proceeded to Jipapad in Eastern Samar to respond to a request made by the local priest. After a six hour road trip, I discovered a small overpopulated farming town high up in the mountains. Fr. Sim took me on a guided tour, particularly to view the water supply. This really shocked me. Although the community is surrounded by two rivers the water was brown in colour and used not only for drinking but for bathing and laundry. A handful of wealthy residents own a deep well and purifier – they resort to selling this water for 5-10 pesos per container. As most cannot afford this, their only option is to use the water from the river. According to Fr. Sim, there have already been many cases of water contamination and water-borne illnesses within the community. A water supply system, including a deep well, with solar pump and purifier would be of great benefit to this poor rural community. Fr. Sim assures us that the parish will look after the system, even raising funds to contribute what they can toward the project. Please consider this project at your next board meeting. God Bless" –

KARUNALAYAM HIV/AIDS CARE AND SUPPORT CENTRE, INDIA:

In our last newsletter, we reported on the significance of the HIV/AIDS epidemic in India and its impact on innocent children. We have recently received the following correspondence from Fr. Jyotish Joseph IMS: "Dear Fr. Adrian, first and foremost I want to thank your generous donors for such a quick response to our request for assistance. You promised to help us and the funds were with us before we knew it – it has never happened like this before. Our prayers were truly answered. Our future is never clear as we are not really sure how we will manage – it is a month-to-month proposition for us. Your support enabled us to provide much needed food, ART (anti-retroviral treatment) and pay for some of the school fees for our orphans. There are 90 currently staying with us, and we have a strong desire to not only to care for them, but to provide education at the local school. We have grand dreams, but these are not possible without your support. Thank you and your most generous benefactors". – Fr. Jyotish Joseph IMS

Children receiving ART

Celebrating Independence Day at the orphanage

Can you help? \$5,000 has been sent to provide immediate needs but much more is required. If you are able to assist, please mark your donation as "HIV/AIDS INDIA". Thank you. Ed.

YOUTH – SOME ALARMING FACTS:

AIDS: There are at present approximately 1.5 million children under the age of 15 living with with AIDS. Of this number it is estimated 150,000 contracted the disease in the last 12 months. Moreover it is calculated that of the total number of youth with AIDS, 110,000 died in the last 12 months (UNAIDS).

Malnutrition: Worldwide, malnutrition contributes to almost half of the deaths in children under 5, claiming the lives of over 3 million children per year. A child facing poverty may not be hungry, but may be malnourished. Without enough food or the right nutrition, children face a variety of setbacks that can derail their path out of poverty.

(To the youth)
"Never lose hope. With your plans and with your courage, with your dreams and ideals, walls of stagnation fall and roads open up that lead us to a better, fairer, less cruel and more humane world." Pope Francis

Prostitution: Two million children are subjected to prostitution in the global commercial sex trade. (UNICEF)

CONGO - OLSH SCHOOL IN BOENDE: We have recently received a report from Sr Lea Kpoyabumu and Sr Philomène

Roof repairs

Iketa for the repairs to the OLSH School in Boende, Congo. **Sr. Lea** writes: "With the money received, we have had the roof and the ceiling repaired; replaced the broken sheet metals, all the rotten planks and ceiling. Now there is no more leaking roof and the children can study peacefully. We have also built a retaining wall to hold up the building. We repaired all the broken walls in the classrooms.

Students of OLSH School, Boende

Sr. Philomène writes: "We cannot thank you enough as you saved lives. The school building in Boende is an old building. Your contribution to the education of these disadvantaged children is great! A happy child in grade four said: "we don't run anymore all over the place when it rains! We are safe now and can remain in our respective classrooms! This is a very big change! Your support gives us courage to keep up our mission even in these very difficult conditions. Please pass on our gratitude to all your benefactors."

CLEAN WATER FOR OVC'S (ORPHANS AND VULNERABLE CHILDREN), SOUTH AFRICA:

Fr. Vince Carroll MSC writes to us from South Africa: "Adrian, I am writing to seek assistance for St. Scholastica's Mission, run by Fr. Chris Babona AJ (Apostles of Jesus) and three of his confreres. The Mission was built in 1926 by the Benedictines, on the side of a mountain. They need pumps and tanks to lift water up from creek beds at a 1.2 km distance, about 300 meters to the Mission Station. There is a boarding school for 80 students as well as 400 day students. The total

Fr. Vince at St. Scholastica's

cost of the project depends on depth of the bore (140 meters quoted), which will dictate the size of the pump, with at least 2 x 10,000L tanks and booster pumps for 300 meter rise. My initial estimate is that it will be \$20,000. Fr. Chris intends to fundraise, but it is a big ask for such a poor parish in the bush – they will be lucky to reach 10%. I hope that some of the attached photographs provide a graphic account of the limited water supply in comparison to the size of the mission. The existing bore and tank is shockingly inadequate – I am surprised that they have managed up until this point. I hope your generous benefactors could consider supporting St. Scholastica's – they are doing important work. Fraternally, - **Fr. Vince Carroll MSC**

St. Scholastica's Mountainside Mission

Existing water supply

Mass Kits: A wonderful gift for a newly ordained Priest is a Mass kit. Costing approximately \$500, these kits are compact and portable, easily carried by a Missionary Priest on his trips to villages and other remote places where there are no established churches – the gift of the Eucharist is not just for the privileged but for all God's children. Your contribution and support is greatly appreciated by all our Missionaries and the people they serve.

SENEGAL, KAOLACK PRIMARY SCHOOL: Sister Clotilde FDNSC writes from Senegal: "Since 2010, we opened a nursery and primary school in Kaolack to

Desks in classroom

participate in the education of children in our area because the city had only two private Catholic schools. The classes in this school open progressively; each year we open one classroom. We are currently in the year five of our primary school. At the beginning of 2017, we will have to open the other two classes: one of the year 6 and a second one of the year one because the number of kids in that year is increasing. We have to equip both classes with benches before school resumes. Therefore, we seek your assistance for the purchase of these benches in order to give children good study conditions. Sorry for the delay in

Desks being made

replying. There was confusion as we only received the money a couple of months ago. After we received the money, we worked with Mr. El Hadji Cisse, the Carpenter, who had made sixty benches for the primary school. With your assistance we have been able to equip with benches 2 classrooms and to complete the third class that did not have enough benches. Children are now at ease and work in very good conditions. Please pass our gratitude to all your benefactors. May God bless you in your mission" - **Sr. Clotilde Ngom FDNSC**

CAN THO, VIETNAM: I am Sr Maria Tran Thi Kim Mai, Dominican Sisters of Our Lady of Rosary Lang Son. I am now in charge of Canal D community, Can Tho. On behalf of all the people, I thank you so much for your support. Thanks to your help, all of our boarding school pupils Thanh Thang and the people around the parish now have clean water to use daily. Thanks a lot for your generosity that helps us improve our quality of life. We are so happy about that. We do experience God's love

Purifying system

through your helping hand. May God bless you all with good health, joy and peace, so that you may always be the extending hand of our loving God to all the people. Sincerely yours, - **Sr. Maria Tran Thi Kim Mai**

CLEAN WATER & CHILDREN'S PROGRAM, FIJI: We have recently received three project requests from Br. Kaake of the MSC Mission Office in Fiji: **1. Montfort Boys Town, Navesi** (Clean Water): Boys Town has a catchment up in the hills but the supply is often disrupted due to blockage. They are requesting a 5000L rain-water tank to provide back-up clean water for the 130 residents of this area. **2. Natuvu Village, Saqani** (Clean Water): The 200+ people living in this remote village are facing drastic shortages as their supplies dry up. They are requesting 2 x 5000L rain-water tanks so that they have access to clean drinking water on a daily basis. **3. Our Lady of Fatima Parish, Rabi Catholic Community, Nuku** (Children's program): this community is converting an old house to a day-care/pre-school centre. This will enable parents in this poor community to go to work. They have raised funds to complete the first stage, but require assistance to complete the work.

Rabi Community Pre-school

CHILDREN'S PROGRAMS/DISADVANTAGED YOUTH, TIMOR-LESTE: Sr. Shalini Jose FHIC (Franciscan Hospitaller Sisters of the Immaculate Conception) and her confreres write to us: *"Thank you for your on-going support of our missionary endeavours in Timor-Leste. As you are aware, we currently have three Mother Clara Hostels under our care with the total number of children now at 82; 24 in Lolotoe Village, 33 in Maliana and 25 in Atumba (Indonesia) respectively. We have selected these areas as they are the poorest of the poor. We ensure that each child is given comfortable accommodation, healthy meals and a decent education. Many of the children come to us traumatised from abuse, so the hostel provides a safe place for them to live. Fr. Adrian, although there is relative peace now in Timor-Leste, the country is still faced with many issues from its violent past. If you are able to help us in any way, we would be most grateful. Rest assured that the Mission Office and your most generous benefactors are remembered in our daily prayer".* - **Sr. Shalini Jose FHIC**

PHALABORWA MISSION South Africa: In early 2016, the MSC Mission Office provided support to Fr. James Sebastian SVD in South Africa. With these funds, Fr. James and his confreres have built a large sheltered area with eating facilities, and a study room for over 35 orphans and vulnerable children. Many students have contracted HIV/AIDS from their parents. The funds also allowed for the establishment of a separate crèche area on land provided by a local chief. Importantly, a bore hole was sunk at 120m., but no water. It is extremely difficult for the centre to run without a reliable water supply, especially in the oppressive heat. This remains a priority for Fr. James. The existing water tank is too small for the large community, and a plan is under way to install rain water tanks and guttering on all existing buildings. Women and girls of the nearby villages continue to walk long distances daily to secure their water needs.

120m., but no water. It is extremely difficult for the centre to run without a reliable water supply, especially in the oppressive heat. This remains a priority for Fr. James. The existing water tank is too small for the large community, and a plan is under way to install rain water tanks and guttering on all existing buildings. Women and girls of the nearby villages continue to walk long distances daily to secure their water needs.

Jesus like a tree: *"The river of time sweeps on, but there, like a tree planted by the water, is our Lord Jesus Christ. He became human, willing to plant himself by the river of time. If you feel yourself drifting down to the rapids, lay hold of the tree; if you are caught up in the love of the world, hold on to Christ. He for your sake entered into time, but he did not cease to be eternal."* - **St. Augustine of Hippo**

Where there is a will, it is joked, there is a relative. But how many families do you know who have come apart by arguing about their parents' will? A will wisely worded can be a great means of uniting people, by providing for just causes. Greed and avarice only lead to divisions. Jesus and St. Paul so often warned us about the harm that follows from an inordinate love of money. **"Do not keep the destitute waiting for your donations. Do not turn your face from the poor. Do not avert your eyes from the destitute, and do not give anyone an occasion to curse you. To the poor lend your ear, and return a greeting with a smile".** Book of Sirach 4 vv 1/5.

Last Will and Testament

But how many families do you know who have come apart by arguing about their parents' will? A will wisely worded can be a great means of uniting people, by providing for just causes. Greed and avarice only lead to divisions. Jesus and St. Paul so often warned us about the harm that follows from an inordinate love of money. **"Do not keep the destitute waiting for your donations. Do not turn your face from the poor. Do not avert your eyes from the destitute, and do not give anyone an occasion to curse you. We can send you information should you wish to leave something to support the Missions. To leave money or some gift to the MSC Mission Office Inc., please ask your legal adviser to add: **MSC Mission Office Australia Incorporated ABN 28 988 744 595**

MAPUORDIT, SOUTH SUDAN: "Dear Adrian, I wish that one day you would witness the joy and appreciation of the hundreds of persons your generous donors supply fresh and clean water. The drillers have just arrived after a long journey, and are preparing to drill 3 new boreholes. Three water points are being supplied to the local people who are amongst the most deprived and least assisted by Government. Thanks to your donors, your 3 boreholes will mean that women and young girls no longer have a two hour walk to the nearest water access point." – **Sr. Rita Grunke FDNSC**

CLEAN WATER PROJECTS: Thanks to your generosity and support over the last 19 years, the MSC Mission Office Australia Inc. has been able to allocate **over \$10,000,000** toward clean water projects across the world. **1.** From as little as \$500 we can

Fiji

Papua New Guinea

South Sudan

provide a water tank for a school, parish centre or a home in PNG, Fiji, Kiribati, Sri Lanka, etc. **2.** Sometimes we are asked to assist with larger tanks for Mission Stations, schools, hospitals etc, and these can cost \$2,000 or more. **3.** In places where the whole water system is polluted such as Vietnam, we receive many requests for a purifying system. Such a system can cost up to \$7,000. **4.** And where we are asked to sink a bore-hole as in South Sudan, South Africa, PNG and Tibet it usually costs at least \$10,000. Donations to clean water projects can be given a tax-deduction receipt.

Why not make a difference to the lives of some of the poorest and most marginalised people on earth by providing the simplest yet most important resource – clean drinking water.

"It is no longer I who live, but Christ lives in me" - Gal 2: 20: Have any of the stories or articles in this newsletter touched you? Do you sense a stirring in your heart, an inner desire to rise and to follow in the footsteps of the Lord? What's a life for? The MSC Mission Office actively encourages and supports those seeking a religious vocation – to discern and respond to the gentle calling of our Lord to a life lived to the fullest; following Christ in the service of others. Whatever your interests we love to receive your correspondence. Our address is P.O. Box 177, Kensington, NSW 2033, and our email is mscmisio@mscmisio.org or call us **(02) 9697-0983**

				TOTAL	\$1,701,213

DO YOU REQUIRE A TAX DONATION?

Tax deductible donations support development projects and people with special needs – such as

1. Clean Water Projects
2. Disadvantaged Youth
3. Health Projects (HIV, Malaria etc.)
4. Australian Domestic Projects- especially aboriginal needs.

NO TAX DEDUCTION I do not require a tax deduction, and I wish to support:

1. General Donation
2. Priests and Church workers in the Missions
3. Religious Education at Home and Abroad
4. Masses for Intention of _____
5. General donations support the running of the Mission Office, newsletters, publications and other MSC works.

DO YOU WORK FROM YOUR COMPUTER?

1. Donations can be made via webpage: www.mscmission.org.au
2. You can contact us through our email address mscmisio@mscmission.org
